

EUROPEAN SITUATION IS CRITICAL

NO MATERIAL CHANGE SO FAR IN HINCHLIFFE-WRIGHT FIGHT

Election Board Begins Official Canvass of County Returns.
ANNOUNCE DEM. VOTE
Lewis G. O. P. Nominee for Sheriff—Cope Defeats Foulks.

Official count of the ballots cast in Columbiana county at Tuesday's primary election up until noon Thursday had made no change in the vote for third place in the commissionship race in which J. H. Hinchliffe, of Lisbon, is leading William N. Wright, Lisbon, by the narrow margin of four votes and the close contest for state representative in which H. D. Cope of Rogers has a plurality of 45 votes over W. S. Foulks, this city.

A few slight errors in the unofficial count were discovered by the election board which is making the official tabulations at Lisbon Thursday. None of these alterations, however, will affect the present standing of any contested place.

Official returns on the county Democratic vote give Howell Wright a slight plurality over Earl D. Bloom for lieutenant governor. William D. Fulton led a field of four candidates for secretary of state and Daniel E. Butler won a place over two other candidates for auditor of state.

Two votes separate Joseph McGhee and David C. Parker for attorney general, with the latter defeating the advantage. A. F. O'Neill defeated W. A. Julian for nomination for United States senator. Kent W. Hughes was winner over Dan B. Cull for judge of the supreme court for the long term.

A. V. Donahay, present state auditor, and unopposed candidate for governor on the Democratic ticket led the county Democratic vote with 818 votes.

According to indications Attorney G. Jay Clark of East Liverpool will secure sufficient written-in votes to insure a place on the county Democratic for prosecuting attorney. Clark's name did not appear on the official ballot at the primary. He must secure eight per cent of the total Democratic vote cast to win a place on the ballot at the November election.

Here is the complete county vote for the contested places on the Democratic State ticket:

Governor—Vic Donahay 818.
Lieutenant Governor—Earl Bloom, 325; Howell Wright 450.
Secretary of State—Bell 188; Fulton 232; Hoover 206; Winesgarner 215.
Auditor of State—Butler 348; Harper 302; Peckinpaugh 162.
Treasurer of State—Orwig 676.
Attorney General—McGhee 396; Parker 398.

M'NICOL WINS WITHOUT MONEY

Republican Nominee for Commissioner Files Expense Statement.

Patrick McNicol, Republican candidate for county commissioner, did not spend a cent to win the nomination, according to his expense account filed Thursday with election board officials in compliance with provisions of the state corrupt practices act.

McNicol's campaign was conducted and financed by a group of his friends who formed a McNicol-For-Commissioner association. He did not even pay the required fee when he filed his petition for the office. The McNicol-For-Commissioner association, of which Attorney Ben L. Bennett, this city, is secretary, will file a separate statement later, it was stated Thursday morning.

McNicol easily won a place among the Republican nominees for county commissioner, polling 3420 votes. John F. Kerr, of Salineville, led the commissionship race with 3742 votes.

TENNESSEE TO VOTE FRIDAY ON SUFFRAGE

Battle Between Constitutional Authorities is Scheduled for Tonight.

LINE UP SPEAKERS

Huge Mass Meeting of Suffrage Opponents is Postponed.

By G. F. MILTON JR.
NASHVILLE, Tenn., August 12.—The suffrage amendment to the federal constitution is scheduled to be voted on by both houses of the Tennessee general assembly Friday, according to plans of leaders today in the fight for ratification. Tonight will be featured by a grim battle between eminent constitutional authorities on both sides before a hearing of the joint committee on constitutional amendments of the legislature.

One result of the hearing has been to postpone to some undetermined date the huge mass meeting which suffrage opponents had arranged for tonight at the Ryman auditorium.

A display of legal acumen and forensic brilliance seldom equalled in the history of the state house, is expected when the legal luminaries of the suffragists and anti-suffragists begin argument.

It will hark back to the days of Henry Clay and Daniel Webster in the United States senate when constitutional problems occupied the minds of congressmen.

Both sides have already made statements of their speakers. The suffrage cause will be presented by

CHAS. PONZI, BOSTON WIZARD IN FINANCES, IS ARRESTED

"Mystery Financier" Charged With Using Mails to Defraud.
SURRENDERS TO POLICE
Accompanies Lawyer to Office of United States Marshall.

By HERBERT CARYL
BOSTON, Aug. 12.—Charles Ponzi, "mystery financier" was arrested at the Federal building this afternoon. Ponzi accompanied by his counsel, Daniel H. Coakley, and U. S. Attorney Gallagher, went to the office of U. S. Marshal Patrick B. Duane and surrendered.

The complaint charged using the mails in a scheme to defraud. It was stated, Mr. Ponzi was notified that he would have to furnish bail of \$25,000. Ponzi surrendered to the federal authorities when Attorney General Allen was about to ask the municipal court for a warrant for Ponzi's arrest.

No surprise was shown by the marshal when Ponzi and the other man entered his office.

Attorney General Gallagher, after introducing Ponzi to the marshal, stated:

"Mr. Ponzi wishes to surrender. The complaint is being made out."

The arrest took place following a conference in Attorney Gallagher's office between Ponzi, Attorney Coakley and the United States attorney.

LEXINGTON, Mass., Aug. 12.—Mrs. Charles Ponzi was reported in collapse today. She frequently burst into tears and hysterics. It was stated at the Ponzi home here. A physician was called. It was learned that Mrs. Ponzi's breakdown has caused her husband and relatives considerable concern.

TWO MAY SEEK VOTE RECOUNT

Wright and Foulks, Defeated Tuesday, Plan Contests.

At least two defeated candidates for office at Tuesday's primary election in Columbiana county will demand a recount of the whole or part of the county vote until the official count now being compiled in Lisbon reveals an error in their totals.

William N. Wright, of Lisbon, who was defeated for third place in the county commissionship fight by J. H. Hinchliffe, of Lisbon, by the narrow margin of four votes on the face of the complete but unofficial returns, announced Thursday that he would seek a second recount of at least two or three precincts.

Recount proceedings will also be instituted by Attorney William S. Foulks this city, who lost the nomination for state representative on the Republican ticket by 45 votes to H. D. Cope, of Rogers.

GALBREATH DEFEATED FOR STATE SENATE

Indications early this afternoon were that Asher A. Galbreath of Rogers, Columbiana county, has been defeated for the Republican nomination of state senator by John D. Hays of Belmont county.

The combined vote in Columbiana, Jefferson and Belmont counties gave Mr. Hays 6,192 votes and Mr. Galbreath 6,048. An unofficial report from Harrison county, which is also part of the 20th-22d senatorial district, reaching Mr. Galbreath at noon today, was that he had been defeated by about 300 votes in that county. If this report is correct the Belmont county man is the Republican nominee.

David Jones of Belmont county, also an aspirant for the place, ran a poor third.

HARDING HOLDS SERIES OF CONFERENCES AT HOME

G. O. P. Nominee for President Busy When Gov. Cox Passes Through Marion on First of Speaking Tours.

By J. BART CAMPBELL
MARION, O., Aug. 12.—When Governor Cox, Democratic nominee for president, passes through Marion today on the first of his speaking tours, Senator Harding, his Republican opponent, will be engaged in a series of important conferences at his home here with a number of Republican leaders from different states.

The senator will continue to conduct his front porch campaign while Governor Cox is attempting the country. It was said. Later on in the campaign he will probably deliver a few addresses elsewhere.

Among those scheduled to confer with the senator today were L. A. Caswell, Republican national committeeman from Minnesota; Clarence B. Miller, secretary of the Republican national committee, and Charles Q. Chandler, chairman of the board of directors of the First National Bank of Wichita, Kas., who is a close friend of Senators Capper and Curtis of that state.

DAVIS LEADING RALPH COLE BY 17,000 VOTES IN STATE RACE

Former Mayor of Cleveland Increases Gubernatorial Poll.

JULIAN-O'NEIL CONTEST

Ex-Governor Frank B. Willis Has 50,000 Lead In Senatorial Race.

COLUMBUS, Aug. 12.—An eyelash finish with W. A. Julian, Cincinnati manufacturer, and Judge A. F. O'Neill, of Arkon, World war veteran, running neck-and-neck is indicated by the latest returns available here. O'Neill is leading Julian by 532 votes with returns tabulated from 5,300 precincts out of 6,000, the totals reported being O'Neill 58,251, Julian 57,719.

All indications point to such a close finish that the official count will alone decide who is to oppose ex-Governor Frank B. Willis in November.

With practically complete but unofficial returns from the entire state, Davis maintains his lead of about 17,000 votes over Col. Ralph D. Cole, of Findlay in the Republican race for governor, with Congressman Roscoe C. McCulloch, of Canton, a poor third. The vote in 5,712 precincts is Davis 137,493; Cole 120,337; McCulloch, 68,834; Wood 15,185.

Former Governor Frank B. Willis is leading Walter F. Brown by approximately 50,000 votes.

Returns relative to the Republican senatorial contest total: Willis, 121,533; Brown, 83,525; Wanamaker, 48,272.

Totals on returns relative to the Democratic race for senator are: O'Neill, 56,931; Julian, 56,236.

It may require the official count to determine the outcome of the neck-and-neck race between O'Neill and Julian.

Former Secretary of State W. D. Fulton, Newark, now seems to have won the Democratic nomination for secretary of state.

In the Republican contest for chief justice of the state supreme court, Judge Frank P. Geiger, Springfield, is leading.

E. M. Fullington, Republican, and Daniel E. Butler, Democrat, are leading in the contests for nomination for state auditor.

Other apparent primary winners are: Lieutenant governor—Clarence J. Brown, Republican; Howell Wright, Democrat.

Secretary of state—Harvey C. Smith, Republican; W. D. Fulton, Democrat.

Treasurer of state—R. W. Archer, Republican; Charles B. Orwig, Democrat.

HOWARD WINS OVER STEPHENS

East Liverpool Man Apparently Defeated for Central Committee.

On the face of returns received from Belmont county early this afternoon on the fight for member of the state Republican central committee, C. J. Howard, of Bellaire has defeated Thomas H. Stephens of East Liverpool by a large majority.

Although Mr. Stephens carried three out of five counties in the district—Columbiana, Carroll and Jefferson—the majority given Mr. Howard by his home county residents completely wiped out the margin returned in favor of the local man from the other three counties, Harrison county, the remaining county yet to report, has been conceded to Mr. Howard.

Here is the vote by counties:

GOV. COX VISITS HARDING'S HOME CITY

MARION, O., Aug. 12.—Gov. Cox spent five fleeting minutes in Senator Harding's home town today. There was no crowd to greet the Democratic nominee for president when the train bearing him on the first stage of his first speaking tour pulled into the Marion station.

The governor came unannounced. A few newspaper men attached to the Harding headquarters here were on the station platform to greet him. A handful of railroad men and taxi chauffeurs were attracted to the scene as the governor descended from the observation platform of the train and shook hands all around.

He stood on the observation platform, surrounded by the newspaper men accompanying him, and waved a farewell to the little group on the platform as his train pulled out.

The United States has twice as many women wage earners as it had a decade ago.

HOLD MAN IN MURDER CASE

Court Demands \$3,000 Bond from Joseph Corica.

Joseph Corica, of Uhrichsville, member of the fatal party at which Joseph and Dominick Campolo, East Liverpool Italians, were shot and killed here a few weeks ago, was placed under \$3,000 bond as a material witness by Probate Judge S. W. Crawford at Lisbon Thursday.

Corica was shot through the right jaw and left shoulder in the fusillade of bullets alleged to have been poured into the group by Francesco Biloto, Uhrichsville, who is being held without bond on a charge of first degree murder. Corica was removed to the City hospital but was later taken into custody and placed in the Lisbon jail. He is said to have a wife and family in Uhrichsville and will make an attempt to raise the bond.

ROOSEVELT ON WESTERN TRIP

Democratic Candidate for Vice President Begins Campaign Tour.

CHICAGO, August 12.—Franklin D. Roosevelt, Democratic nominee for the vice presidency, left Chicago today on a difficult itinerary, which will keep him moving and speaking continuously for the next three weeks, through the western part of the country. Several speeches daily and big meetings in the larger cities at night are scheduled.

Roosevelt's opening speech of the western campaign here last night was in the nature of a surprise to many Democrats and Republicans alike.

The league of nations, described by President Wilson, and both Gov. Cox and Senator Harding as the paramount issue of the campaign, was mentioned perfunctorily by the vice presidential nominee. He addressed himself principally to the "senatorial oligarchy" in the Republican party, and made an ardent appeal to the old 1912 Progressives to line up with the Democrats.

Roosevelt left here for Waukegan, Kenosha and Racine, Wis., where he will make brief speeches today. Tonight he will make an address in Milwaukee. Tomorrow will find him in St. Paul and Minneapolis.

HOLLOW ROCK MEETING OPEN

Big Demand for Cottages for Ten-Day Evangelistic Campaign.

With the demand for cottages for the ten-day services, unusually heavy, indications are that the forty-ninth annual interdenominational camp-meetings at Hollow Rock will be the most successful since the war.

The camp-meetings will open today. The grounds have been cleaned and it is expected that a number of tents will be pitched to accommodate the crowds that will be unable to secure quarters in the dormitory and cottages. Hacks and buses will meet the street cars during the day at the Iron-dale road, near the Jefferson County Children's Home.

Sunrise prayer meetings opened the series of services this morning at 6 o'clock. People's meeting was held at 9 o'clock. At 1:30 o'clock in the afternoon, children's meetings were featured together with cottage prayer meets. Preaching services followed at 2:30 o'clock. At 6:30 o'clock this evening the young people will assemble for their daily service. At the same time, groaners' meetings will be held on the hill. Preaching services at 7:30 o'clock this evening mark the conclusion of the day's events.

Included among the evangelists who will assist during the services are: Thomas Henderson, of Cleveland; Andrew Johnston, T. M. Anderson, of Wilmore, Ky.; and Miss Edith Mackey of New Cumberland, W. Va. Mr. and Mrs. R. A. Shank, of Cincinnati, will have charge of the song services. Other workers who have been called to the meetings are: Mrs. Tillie Albright of Canton; Rev. J. A. Zimmerman of Toronto; Rev. T. H. Carson of New Cumberland; Rev. L. O. Douds of Midway, Pa.; Rev. and Mrs. Raymond Bush, returned missionaries from Africa, and Mary Hill, missionary who has been working in China.

PREPARE CITY SCHOOLS FOR TERM OPENING

With the opening of the fall semester of school little more than three weeks away, the school board has begun a series of improvements to the three school buildings in the city.

The Central building, according to members of the board, is in the best condition that it has been in for years as a result of interior decorations. The wall paper in 22 rooms in the building has been torn off and several coats of water color have been applied. The work, which was done under the direction of Frank Johnson, janitor at the Ninth street school, has just been completed.

Similar improvements are planned at the Eighteenth street school building. It is probable that the work will be completed this week. Different shades of buff and yellow are being used in the decorations.

The Wellsville lot holds a victory over the East Liverpool basketball team and is confident of another today.

BOY BURNED IN ALCOHOL FIRE

Barrel of Fluid Ignites in Cleveland Drug Store Basement.

CLEVELAND, August 12.—A barrel of alcohol ignited in the basement of the drug store of Julius Hoffman's drug store at 11902 Buckeye road, S. E., last night and seriously burned Frank Lewis, aged 13, who was drawing some of the fluid from the barrel at the time. The boy was enveloped in fire, and the alcohol spread over the basement, forming a lake of flames.

The boy, his clothes ablaze, made his way to the first floor, rushed from the store and rode to his home at 12713 Parkhill avenue, S. E., on a bicycle, where he collapsed.

"Keep it from mother," he said as doctors dressed burns on face, legs and arms.

A faulty electrical connection is believed to have caused the fire.

FILE YOUR CAMPAIGN EXPENSE ACCOUNT

The Columbiana county election board today called the attention of candidates who sought recognition at the polls in Tuesday's Republican and Democratic primaries to the provisions of the corrupt practices act, under which every aspirant for public office, or any organization which made any expenditures or received any contributions in behalf of any candidate or special issue, must submit a sworn statement of all money handled during the campaign.

Within ten days from the date of the election, or not later than Friday, August 20, candidates must report to the county election officials a list of their expenditures and receipts, setting forth the purpose for which expenditures were made and detailing the source of all contributions.

According to the law, the maximum amount any candidate for a Columbiana county office is permitted to expend in a campaign for nomination and election is \$725. Candidates for state representative are limited to \$350, while aspirants for the state senatorial office may expend \$300 for each county in their district, or in the Twentieth—Twenty-second senatorial district, of which Columbiana county is a part, such candidates are limited to \$1,200, as there are four counties in the district.

It is mandatory that every man who sought a nomination Tuesday, whether successful or unsuccessful, comply with the corrupt practices act. Failure to obey the mandate will result in reporting the violation to the prosecuting attorney, who, under the law, must institute court action against the offender. In the case of a successful candidate, neglect to report his campaign expenditures and contributions will disqualify him for a place on the ticket at the November election.

THE SCOUTS' JAMBOREE

Nearly 100,000 Boy Scouts from all over the world just finished their international jamboree at London. It has been the greatest assembly of boys ever gathered together. The Scouts came from India, Australia, British Guiana, Canada, Malta, Gibraltar, Egypt and all the outlying possessions of Great Britain, and also from the United States, France, Scandinavia, Italy, Holland, Belgium, Spain and Portugal.

They lived in several big camps, located on a 56-acre estate with an old manor house which has recently been presented to the association.

There were games and contests and exhibitions of Scout proficiency in many lines. There is a Scout law which requires kindness to animals. So many of these faithful animal friends were brought along to the jamboree that special arrangements had to be made at the Zoo for housing them during the big days.

The Council of the Boy Scouts Association gave as the chief purposes of the gathering the inculcation, in a practical way, of the fundamentals of good and happy citizenship, and the promotion of the ideas of brotherhood among the rising generation throughout the world. It is also brought out more clearly the aims and methods of the association. Administrators, educators, parents and public will learn a good deal about the Scouts as those thousands of boys return home. It was hoped, too, that the jamboree would help to recruit scoutmasters and would push to completion the endowment fund which the Scouts have been raising.

It must have been a great sight to see thousands of boys, representing 21 nations, carrying on their Scout activities. And in spite of the confusion of tongues, there was no lack of mutual sympathy or understanding, for boys of every land, and particularly Boy Scouts, speak a common language of interest and comradeship.

BETTER THAN SCOLDING

An instructor in physical training at a summer normal school noticed that on the day his classes opened the young women pupils were dressed in thin, flimsy waists, tight skirts and high-heeled shoes. His first impulse was to give them a lecture on sensible dress, but he decided to try to interest them keenly in athletics and see what effect that would have.

He made his lessons lively and attractive. The girls became more and more interested in the games and sports, and one by one they shed their foolish garments and appeared in clothing suited to play. Inside of two weeks not a thin waist, tight skirt or high-heeled shoe was to be seen in the class, and the girls were wearing their more practical garments to French and music classes as well. The middie blouse, skirt of decent width and low-heeled sport shoe were the regular order of the day. Without a word of criticism a reform had been accomplished which bids fair to continue.

It is pretty good philosophy for teacher, professional reformer or anybody else. Bad habits cannot be changed by fault-finding, but by substitution of a healthy interest for a silly or an evil one. The gardener may prepare his ground ever so carefully, but if he does not go on and plant his vegetables, flowers and fruits, nature will get busy and fill the place with weeds again.

PLUNDERING THE GROCERY

Shortage of all sorts of food supplies have been noised about as likely to make life more difficult during the coming winter, and as a result many housewives are being scared into a frenzy of food-buying.

This is a great mistake. Buying non-perishable foods in quantity is an economical way of providing a family of any considerable size, but there is no economy in laying in a stock out of all proportion to the ordinary family consumption.

During the sugar panic in the spring and summer many women laid in, kept on hand, and still have, more sugar than they ever before found it necessary to carry at one time.

This sort of buying in itself creates shortages and forces higher prices.

There should be in every household in the land the coming fall, the most careful economy. Forethought and planning should enter into every purchase. But wildest plundering of the grocery shelves for fear the neighbors will beat you to it is the worst possible foe to any normal adjustment of supplies and prices.

NEW YORK LETTER

By O. O. McINTYRE.

NEW YORK, Aug. 12.—

For a number of years

I've been nursing a hatred

For a barber in St. Louis,

Who worked in a shop,

Near the Union Station.

And during the world's fair

I stopped off there,

Between trains,

And went into the shop

And got into a chair

And the barber shaved me,

And gave me a ticket

That called for \$1.65.

And after a quarrel

I paid and left

And I had to go

Without food to Cincinnati.

And from time to time

I have been studying out

Just what I would do

If I ever met that barber,

And I thought up torture

That would make

Look like a taffy pulling.

And then I went into a shop

On Upper Broadway,

And got into the chair,

And looked at the barber

And it was none other than he.

And while he shaved me,

He asked me if I wanted

To have a shampoo.

And I acted like I did.

But when he started

I said I'd changed my mind,

And he looked hurt

But years of hatred

Had put iron in my soul

And when he asked me,

If I wanted a shave

I said that I did.

And he got the wax tapers,

And started to light them,

And I stopped him

And he seemed hurt again

And I couldn't steel myself

To punish him further

So I got out of the chair

And gave him a tip.

And he said to come again,

And I thanked him.

And told him he must come

New Hair Growth After BALDNESS

On legal affidavit, John Hart Brittain, business man, certified to this: "My head at the top and back was absolutely bald. The scalp was shiny. An expert said that he thought the hair roots were extinct, and there was no hope of my ever having a new hair growth. Yet now, at an age over 66, I have a luxuriant growth of soft, strong, lustrous hair! No trace of baldness. The pictures shown here are from my photographs." Mr. Brittain certified further:

INDIAN'S SECRET OF HAIR GROWTH

"At a time when I had become discouraged at trying various hair lotions, tonics, specialists' treatments, etc., I came across, in my travels, a Cherokee Indian 'medicine man' who had an elixir that he asserted would grow my hair. Although I had but little faith, I gave it a trial. To my amazement a light fuzz soon appeared. It developed, day by day, into a healthy growth, and ere long my hair was as prolific as in my youthful days. That I was astonished and happy in expressing my state of mind mildly. Obviously, the hair roots had not been dead, but were dormant in the scalp, awaiting the fertilizing potency of the mysterious pomade. I negotiated for and came into possession of the principle for preparing this mysterious elixir, now called Kotalko, and later had the recipe put into practical form by a chemist. That my own hair growth was permanent has been amply proved."

How YOU May Grow YOUR Hair

It has been proved in very many cases that hair roots did not die even when the hair fell out through dandruff, fever, alopecia areata or certain other hair or scalp disorders. Miss A. D. Otto reports: "About 8 years ago my hair began to fall out until my scalp in spots was almost entirely bald. I used everything that was recommended but was always disappointed until at last I came across Kotalko. My bald spots are being covered now; the growth is already about three inches." G. W. Mitchell reports: "I had spots completely bald, over which hair is now growing since I used Kotalko." Mrs. Matilda Maxwell reports: "The whole front of my head was as bald as the palm of my hand for about 15 years. Since using Kotalko, hair is growing all over the place that was bald. Many more splendid, convincing reports from satisfied users."

KOTALKO

contains GENUINE BEAR OIL and other potent ingredients. No alcohol, no shampoo; but a hair elixir of wonderful efficacy. All ingredients are safe and harmless, even for a child's scalp and hair. Positively KOTALKO is one delightfully reliable hair preparation that succeeds upon genuine merit. Buy a box of KOTALKO at the drug store. Or if you send 10 cents (silver or stamps), you will receive a PROOF BOX of Kotalko with BROCHURE, postpaid. Determine NOW to eliminate DANDRUFF, to treat BALDNESS, to STOP HAIR FROM FALLING. Get a box of guaranteed KOTALKO, apply once or twice daily; watch in your mirror. For PROOF BOX (10 cents, none otherwise) write to JOHN HART BRITTAIN, Inc., BT-69, Station F, New York City.

Examination of School Children's Eyes

Dr. Wood of Columbia University is authority for the statement that there are 16,000,000 school children in America whose efficiency is either actually or potentially reduced by defects of the eyes, and this is out of a total number of 22,000,000 children in the schools of this country.

I examine the eyes of school children FREE, if accompanied by parents or guardian, from August 15th to September 15th. Are your children's eyes ready for school this fall. Everything in my examination is scientific, modern and honest; if glasses are not needed, I will very gladly say so.

"NURSE MARJORIE" ENTERTAINING

Mary Miles Minter, Realart Star, Very Pleasing in Play By Israel Zangwill

"Nurse Marjorie," the screen version of Israel Zangwill's stage success by the same name, featuring Mary Miles Minter, and being shown now at the American Theatre, is a photo-play that deserves serious consideration. The story can be called a satire on English life, treating with the traditions of the nobility and the pluck, grit and bulldog tenacity of the commoners. Only from the satirical pen of so eminent a writer as Zangwill, can such a story come, injecting throughout a subtleness of humor that is most agreeable and mirth provoking.

Telling the story of Lady Marjorie, who becomes Nurse Marjorie, her family of noble decent, the wooing of Lord Fitzrevere, and the love of John Danburg, "the people's idol," and the persistence in pressing his suit, the numerous tests Nurse Marjorie puts them through and the humorous situations that are developed, is not for the pep of a mere reviewer. Suffice it to say that "Nurse Marjorie" affords an evening of worthwhile entertainment.

Columbiana county is \$5,930,104 in debt. Some of this charge will not be wiped off the slate until 1961.

The school debt of the county is \$1,528,479 which is included in the total indebtedness.

It has been shown that of every dollar collected in taxes in Columbiana county, 45-cents is immediately set aside as a first charge for the payment of interest and bonds. Interest charges range from four to seven percent with an average of five percent. On this basis of five percent, a debt doubles itself in a term of 20 years.

LEETONIA

On Thursday while Mrs. Robert Cushing, Columbia street, was in the laundry passing clothes thru an electric clothes ring, she attempted to protect some buttons when the fingers of her left hand were caught between the rolls and before she could disconnect the electric current her hand was drawn thru to the wrist. Fortunately no bones were broken but the skin is torn away and the flesh badly crushed.

Some time Sunday night attempt was made to blow up the safe at the gas office on Columbia street. It is thought that some time after midnight parties gained an entrance by breaking the lock to the door of the basement and the lock on the door at the head of the stairway leading to the office on the floor above. Employees of the office discovered this when an

effort was made on Monday morning to open the safe. An expert was employed who worked most of the day trying to open the door. There is no clue to the would-be thieves. It is not probable that it was the same gang who had entered Hephner's store a week ago.

Mrs. Maud Y. McCready and Miss Margaret Rankin are spending two weeks at Chautauqua Lake visiting Mrs. McCready after a year's teaching in the Leetonia schools, and Miss Rankin from her duties in the office of the People's Loan and Savings company.

formerly of Leetonia, who will shortly leave for Arizona, where Mr. and Mrs. Snell will make their future home.

Mrs. Karl Patterson and sons, Clyde and David, of Pittsburgh, are spending the week with Mrs. Patterson's mother and brother, Mrs. Amanda and Clyde Crowell.

Mr. and Mrs. Donald Shontz and little daughter, Frances May, returned Sunday morning from an auto trip to Columbus, Ohio.

The pupils of the South Side eighth grade motored to Eagleton's Glens on Wednesday where they enjoyed a picnic dinner.

Mrs. Susie Moyer Reynolds spent Friday afternoon in Youngstown visiting her sister-in-law, Mrs. H. E. Moyer who is recovering at the St. Elizabeth hospital.

Miss Florence Golden of East Columbiana street, after spending two weeks pleasantly with Canton relatives has gone to Zanesville, where she will spend some time with relatives before her return home.

C. J. Halverstadt and John Shelton accompanied F. E. Bets county deputy Saturday evening to a meeting of the Star Grange.

JOE DICKEY'S TEAM DOWN PENNSYLVANIANS

Joe Dickey's Newell Hy Kys handed another walloping to the Smith's Ferry team on the Newell grounds Wednesday evening by the score of 7 to 6.

The feature of the game was the one-handed catch of Laughlin in right field. The Smith's Ferry team started a batting rally in the fifth inning and put several runs over the plate before Hoy was yanked and Mountford sent in the box in his place. This stopped further scoring on the part of the visitors.

POTTERY NEWS

TRIBUTE PAID WILL SCRAGGS

Former East Liverpool Man is
Lauded By "Du Pont Club
of Virginia News."

The "DuPont Club of Virginia News," in the current issue, publishes the following text on its front page under a cut of William R. Scragg, a member of the executive board of the club and a former resident of this city:

"To a great many of us Mr. Scragg needs no further introduction, as his good fellowship, personality and bearing have already earned him an exalted place in our esteem; to the members who, as yet, are unacquainted with him, we can say, with every earnestness, that he is the kind of man we want and need. His past club experience gives him qualifications that are very desirable and we are fortunate in having his assistance. "Mr. Scragg, who has been in manufacturing business life for the last twenty years, is a past exalted ruler of the B. P. O. and vice president and treasurer of the Hopewell China Corporation; is taking an active interest in our affairs and is, we repeat, the calibre of man we want and need in our community. With the help of others like him (we have them here), our club is going to prosper and 'our town' to continue its strides of growth, built upon the rock foundation of permanent and dependable manufacturing enterprises.

"Let us all pull together."

Manufacturing New Jigger.

A radical departure in the manufacture of jiggers is now being brought about by the Bucher-Smith Co. of Chester, W. Va.

The outstanding feature of their Model "B" jigger will be the elimination of the friction drive and the substitution of direct belt drive to the verticle spindle. The belt will be endless, running from the spindle pulley through the base over two idle pulleys direct from the drive shaft. Eccentric bearings on the idle pulleys will afford means for taking up the slack in the belt.

Roller bearings have been substituted for the ball bearings this company has been equipping their jiggers with for the past two years. The roller bearings are adjustable by means of an adjusting screw and provide measures for taking up the wear that develops on the jiggers used in the man-

ufacture of cups and other small ware. Timken bearings are being used and when a representative of the company was here he approved the mountings.

The development of this new jigger is being watched with interest by pottery manufacturers. The first consignment of the Model "B" jiggers goes to the Greensburg (Pa.) plant of the Pittsburgh-American China company.

National China Co. Booklet.

The National China company of Salineville has just issued to the trade their new 1920 pound sterling book. It being something out of the ordinary. The book itself is of the "vest pocket" size, being seven and one-eighth inches in length and two and three-quarter inches in width and having 108 pages and cover. The text of the book which is the work of Frank P. Judge Jr., gives the standard American list of white ware; terms and package charges; prices for half matt and half bright handles; dinner set compositions and sterling prices from \$4 to \$20 inclusive. The front cover of the book has a panel effect in red and black, and for compactness and convenience it is a model of its kind.

Mail Orders for Potteries.

Pottery manufacturers continue to receive considerable new business through the mails. Buyers want all the merchandise they can get for immediate delivery as a matter of fact, but most of the mail business seems to be for future shipping.

All pottery manufacturers have heavy business on file for third and fourth quarter delivery, but with production below normal on account of the inactive receipt of raw materials, some sales managers declare files are becoming clogged. A little lull in the receipt of new business would be welcomed, but orders continue to arrive daily, and from all sections.

Efforts are being made to interest girls and women in the work, offering high wages and light, clean working conditions. Inexperienced persons are being employed, and thoroughly instructed in the work.

careful analysis to possess valuable properties and are likely to prove a commercial asset in the manufacture of tiles and fine pottery. The Willow Bunch deposit, particularly under furnace heat tests, has shown itself capable of producing the highest grades of china, equivalent to Crown Derby ware. TO INCREASE PRICE OF MILK

New Retail Price Rate Becomes Effective In September.

Proposed increase of two cents on the retail price of milk will not be put into effect in the East Liverpool district until next month. A. E. Webber, general manager of the City Pure Milk company, largest retail distributing concern here, announced Thursday.

Mr. Webber declined to predict what the increase in milk prices would be. He stated, however, that Pittsburgh retail prices would govern the local trade. East Liverpool milk concerns have

given dairymen in this vicinity three successive increases in the wholesale price of milk since June 1, he said. On June 1 an increase of one-half cent on the gallon was given the producers; on July 1 an additional two cents on the gallon was granted, while on August 1 another two cents was added to the wholesale price of the commodity.

"We have to pay Pittsburgh prices for our milk wholesale," Mr. Webber said, "and we must charge Pittsburgh prices for our commodity."

Retail price of milk distributed here is 8 cents a pint and 15 cents a quart.

More than 1,000 delegates are in attendance, the West Virginia state Republican convention opened at Wheeling today.

Mont Z. White, state chairman, called the meeting to order at 10 a. m., introducing Elliott Northcutt as temporary chairman. Mr. Northcutt made the keynote address, during which he discussed campaign issues.

Following the preliminaries, committees were appointed, the credentials of the delegates examined and other routine matters disposed of. The nominating speeches for judge of the supreme court were not started until the afternoon session. The platform was also discussed at this time.

Many of the visiting delegates attended a banquet given last evening at the McAure hotel. J. Ness Porter, Republican candidate for state senator, of Kenilworth, and James Shaw of New Cumberland, were among those in attendance.

The Hancock county delegation to the state convention left early this morning for the convention. The delegates from Grant district included W. W. Ingram, O. C. Reynolds, Arthur Allison, G. A. Arner and J. Ness Porter.

Waiving extradition, Clarence Doty, Toronto man, will be brought to Chester from East Liverpool Friday for arraignment before Justice A. G. Allison on a charge of grand larceny in connection with several railroad thefts here during recent months. The trial is scheduled for 1 P. M.

Doty has been in the East Liverpool jail for nearly a week following his arrest in Toronto. When he was first brought to East Liverpool, he refused to go to Chester and was remanded to jail pending the receipt of extradition papers. Following a conference with Prosecuting Attorney W. W. Ingram, of this city, Mayor Joseph Wilson and Chief of Police Hugh McDermott, of East Liverpool, Tuesday evening, Doty is said to have expressed his willingness to go to West Virginia to answer the charge without further delay. It is probably that he will be bound over to await the action of the Hancock County grand jury, which meets next month.

ONE WOMAN'S EXPERIENCE

Of Interest to Expectant Mothers

Goshen, Ind.—"I took Lydia E. Pinkham's Vegetable Compound with good results after I had suffered for some time with female trouble. Some years ago I had twin boys and took your Vegetable Compound before they came; also before my four year old boy was born, and afterwards, and think it fine for such cases. I tell others what it did for me and you may publish my testimonial."

Mrs. Geo. A. Foss, 711 S. 9th St., Goshen, Ind.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once children there are now children because of Lydia E. Pinkham's Vegetable Compound. It makes women healthy and strong and this good old-fashioned root and herb remedy contains no narcotics or harmful drugs.

VETS' GRID TEAM WILL BE STRONG

Ex-Service Men Counting on Another Championship Eleven This Year—Organize Next Tuesday.

With memories of last season's victories still fresh in their minds, two dozen vet football warriors will hearken to the call of the gridiron next Tuesday night at assembly at the lodge rooms of Private Eddy Post, No. 66, Veterans of Foreign Wars. Formal call for the first meeting for the preliminary steps toward the organization of the "Vets" football team, champions of East Liverpool, was issued today by Post Commander Willis Hall.

The election of officers who will govern the destinies, so far as mortal power is able, of the Veterans through this season's campaign, and a general inventory of paraphernalia

from the 1919 season, will be the most important matters that will be brought to the attention of the grid players and their backers at next Tuesday's meeting.

For the simple reason that it is too early in the season to predict things, it is impossible to give a definite synopsis of the probable lineup of the Veterans at the beginning of the 1920 drive. The ex-service men still have a number of men who were with the outfit last season and, say officials of the post, are counting on additional material. Whether or not the Irish-town Indians, or the Grands, as they were known during the latter part of the season, will re-organize, is not known although indications are at present that they will not. The Grands lost heavily on several games on the last half of their schedule and disbanded before the season had officially closed, after they had lost claims to the city's championship through defeat at the hands of the Vets.

Assuming that the Grands do not organize this year, members of that club could be used to good advantage by the Vets. Quite a few of the Grands played off and on with the service men last year anyway and more than likely will be willing to renew acquaintances.

The Vets won four, lost two and tied one out of seven games in their first season's attempt at gridiron manouvers. Victories were scored over Monaca, East Palestine, Wellsville, and East Palestine. The locals were defeated by Martins Ferry and the Sebring Tigers in regularly scheduled games. The Tigers played a 6-6 game with the Vets here on Armistice day, the contest ending in a dispute.

With the organization plans Tuesday the Vets expect to be a whole lot better prepared for the 1920 season than they were for last year's campaign.

A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoea Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuyer, Mont. "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends."

RUTH EXPECTS TO PLAY TODAY

Believes His Knee, Injured Yesterday, Will Be In Good Shape.

CLEVELAND, August 12.—Babe Ruth, home run king of the New York club, was forced to retire from yesterday's game here when he dislocated his knee in sliding to second base in the first inning. The injury was painful, but it is said Ruth will be back in the lineup today.

After hitting sharply to center, Ruth dashed from first to second.

Speaker's throw from center was prompt and Ruth slid into the base. When he attempted to rise it was found he was injured. He tried to continue playing, but collapsed and had to be carried from the field.

Ruth may play in the third game of the series here this afternoon, despite his injury in the first inning of yesterday's game. The injury to the mighty slugger's right knee is not as serious as at first thought.

Physicians reported that there was either a slight sprain or that a ligament had been displaced.

Ruth himself expects to be in the lineup today and hopes to add another to his tally of four-base bingles.

STAR PROGRAM ON AT NORTH RANDALL

CLEVELAND, Aug. 12.—Lovers of harness racing this afternoon at North Randall will be offered the greatest card in the history of the sport. One stake with a value of \$10,500 and two valued at \$5,000 each, are listed. The program will start promptly at 11:30. In all, seven events are listed.

In the Press 2:17 stake Peter Manning, the horse that brought \$20,000 last fall, will make his start against a strong field that includes Royal Palm, Holyrood Naomi and Peter L. The last named is likely to be favorite.

Sothoron's wildness was largely responsible for his defeat by the Red Sox in St. Louis 5 to 3.

LIBERTYS CANCEL WITH KLONDYKE; PLAY P. H. C.

REAL STRUGGLE FOR GOLF TITLE TODAY

By Robert E. Harlow

TOLEDO, Aug. 12.—The real struggle for the American open golf championship, started this morning on the links of the Inverness Country club when sixty-nine golfers who survived the qualifying round played the first thirty-six holes in the 72-hole medal play competition for the title.

The scores which the players strove so hard to get in the qualifying round in order to be able to play today were taken down last night and all the players were level as they went off the first tee. The man who has the lowest card for the four rounds starting today, wins the championship.

The weather was threatening when the first pair left the tee at 8:30 o'clock. The draw provided many interesting pairs for the galleries to follow. Douglas Edgar, the Canadian open champion, played with Mike Brady; Bob McDonald and Chick Evans, leading professional and amateur shots from Chicago, were paired, as were Jack Hutchinson, and Walter Hagen.

Northside Juniors Win

The Northside Juniors defeated the East End Juniors in a fast game on the former club's diamond Tuesday night, by the score of 1-0.

TORONTO WILL PLAY NEWELL

Dickey's Club Will Stage Return Game At Toronto Sunday.

Newell is taking on a good sized contract when Dickey's players attempt to subdue the Toronto (O.) club at Newell diamond next Saturday. The game is scheduled to start at 4 o'clock, stated Dickey today.

On Sunday the locals will play a return game with the Jefferson club at Toronto. Georgetown club is again scheduled for the Newell park Friday night. Reese, new twirler signed by Dickey, will make his initial appearance against the Pennsylvanians Friday night. Reese has not pitched for nearly two years, having been in the army most of that time, but has been practicing a little for the past couple of weeks and expects to be able to hold his own against the Georgetown batters.

MAY, CHAMP PITCHER, IS IN SIXTH PLACE

AKRON, Aug. 12.—George May, national champion is today sixth among the players in the national horseshoe pitching tournament in progress here this week. W. E. Following Jackson, the leaders are: Bobbitt, Lancaster, Ohio, 698; Yenrick, Lancaster, O., 687; Stevens, Lancaster, Ohio, 678; Crick, Independence Mo., 667; May, Akron, 657.

DOHERTY, WEIRTON STEEL, MAY GO TO TIGERS

Jimmy Doherty, popular manager and second baseman of the Weirton Steel semi-pro nine, may be seen wearing the uniform of the Detroit Tigers next season, according to a report from the steel town.

Doherty has been recommended to Manager Hughie Jennings, of the Detroiters, by Scout Billy Doyle, who was in this section recently looking over the talent on the sand lots. Doherty, it is reported, will confer with Jennings at the end of the present season.

Doherty's playing impressed Doyle favorably on a recent visit to Weirton and he wrote to President Navin, of the Tigers, as well as Hughie Jennings, and urge them to give the lad a tryout.

QUIT TOBACCO

So Easy to Drop Cigarette, Cigar, or Chewing Habit.

No-To-Bac has helped thousands to break the costly, nerve-shattering tobacco habit. Whenever you have a longing for a smoke or chew, just place a harmless No-To-Bac tablet in your mouth instead. All desire stops. Shortly the habit is completely broken, and you are better off mentally, physically, financially. It's so easy, so simple. Get a box of No-To-Bac and it doesn't release you from all craving for tobacco in any form, your druggist will refund your money without question. No-To-Bac is made by the owners of Cascarate; therefore is thoroughly reliable.

Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Multisided cocoon oil shampoo (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get Multisided cocoon oil shampoo at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

YOUR FIRST INVESTMENT

Is the most important you will ever make. If that investment is unwise, if you put your money in some unsound speculation, you will waste in the experiment money which could have made you the owner of a sound conservative investment which would give you an assured income of 6 to 8%.

If you "take a chance" on some unsound investment offered by a "fly-by-night" salesman, you will be buying financial worry and possible loss. If you buy a sound security from the representative of an established investment house, you will purchase peace of mind and satisfactory additional income.

It is our aim to aid you in the wise investment of your money.

Ford

THE UNIVERSAL CAR
LET THERE BE NO DISCORDS

If your Ford is out of tune, there is undoubtedly a very good reason for it. And the best way to find that reason and have it remedied, is to jump in and drive to one of the authorized Service Stations, listed below, where one of our mechanics who is thoroughly acquainted with the Ford mechanism and who knows the Ford way to adjust or repair your car, can tune it up in a garage that is properly equipped to give real Ford service. Then, too, we never use imitation parts—only the Genuine Ford-made, strong and durable. They wear from thirty to seventy-five per cent longer than the counterfeit parts that are softer and more cheaply made. In fact, it is dangerous to human life to use imitation parts, and it is not fair to your Ford car nor your pocket book.

LUCKY STRIKE

"IT'S TOASTED"

LUCKY STRIKE cigarette—it's toasted. Lucky Strike tobacco—it's toasted. Both are toasted. You cannot get the remarkable and unusual flavor of toasted Burley tobacco in any other brand.

How is it that this toasting process preserves so successfully the original Burley flavor? Because it's sealed in.

Take the case of the bee and the honey. The bees have the right idea. To lock in that fragrant and delightful flavor of clover honey they put a thin coating of wax over the whole honey-comb.

You know yourself that honey can stand unbroken on a shelf for months or years, and be just as good when it's used.

And that's what happens with the Burley tobacco used in making Lucky Strike.

In each Burley leaf there are little pores like a sponge. In the heat of toasting these pores are sealed. The Burley flavor is there, inside.

When you light your Lucky Strike cigarette or your pipe full of Lucky Strike tobacco the heat releases the Burley flavor for your benefit.

IT'S TOASTED

The American Tobacco Co.

HOLD ANNUAL REUNION OF MARTIN FAMILY

Members of the Martin family of Klondike held their 22d annual reunion at Thompson park today. Most of those present are descendants of the late S. G. Martin, who was president of the association up to the time of his death six years ago.

The late Mr. Martin was host at the first reunion in 1898, the affair being a thanksgiving dinner at his home in East End. This custom was followed for eight consecutive years. The first open air reunion was held at Newell park, August 22, 1907.

An elaborate program, including sports, has been arranged by the committee in charge for today's reunion. Prizes will be awarded the winners of the various contests.

A picnic dinner, served at noon, was the feature of the day.

A Traveling Man's Experience.

You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man."

An old Icelandic law placed banishment as the penalty for kissing another man's wife.

A Swiss law compels married couples to plant six trees after the marriage ceremony.

American 2 Days Only Today and Tomorrow

Love Laughs at Locksmiths

Love also defies conventions. Marjorie Donegal was the daughter of a duchess, but she led her lover to believe her mother was a fish woman—and the flame of his effection burned brightest in the maternal fish market.

She called herself Nurse Marjorie instead of by her title of nobility. And she preferred playing pranks to following the staid and settled way of the young ladies of her set. Much of her fun came from her daring to test her lovers in ways original that will provoke a storm of laughs from all who see it.

"Nurse Marjorie" is one of the cleverest comedies ever written, and Miss Minter's latest and best picture.
